## 1. INTRODUCTION

The Communication and Dissemination actions of the project include the creation of a website to host public information and progress updates. The website was published in March 2024, but shortly afterwards it was decided to change its design and some of the content.

The new website is currently under construction.

## 2. CURRENT WEBSITE

Below, we project images of the current look of the POSEIDON website:

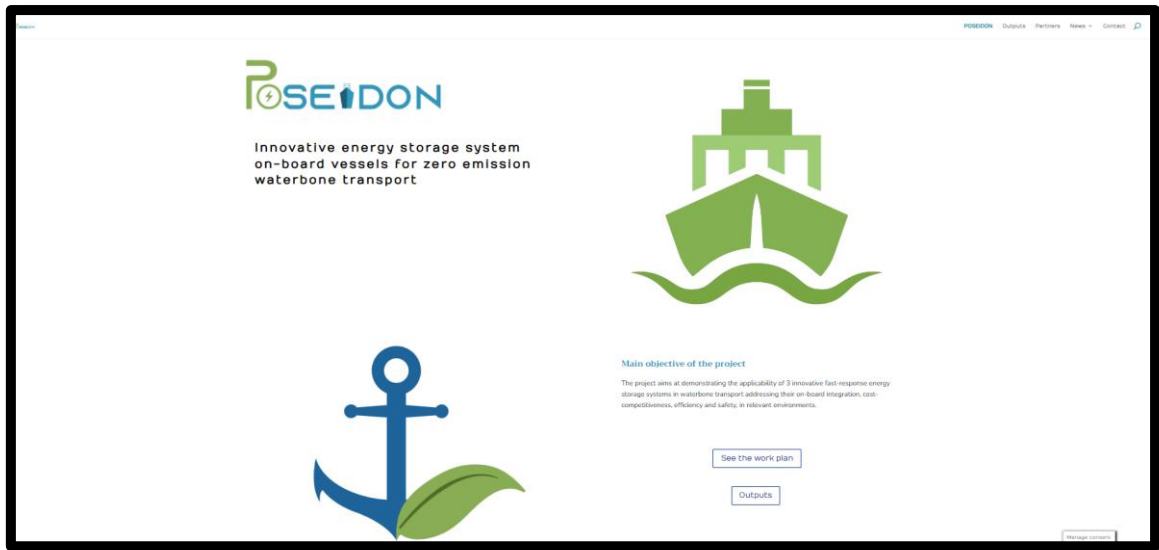

Figure 1- POSEIDON Website – Home page

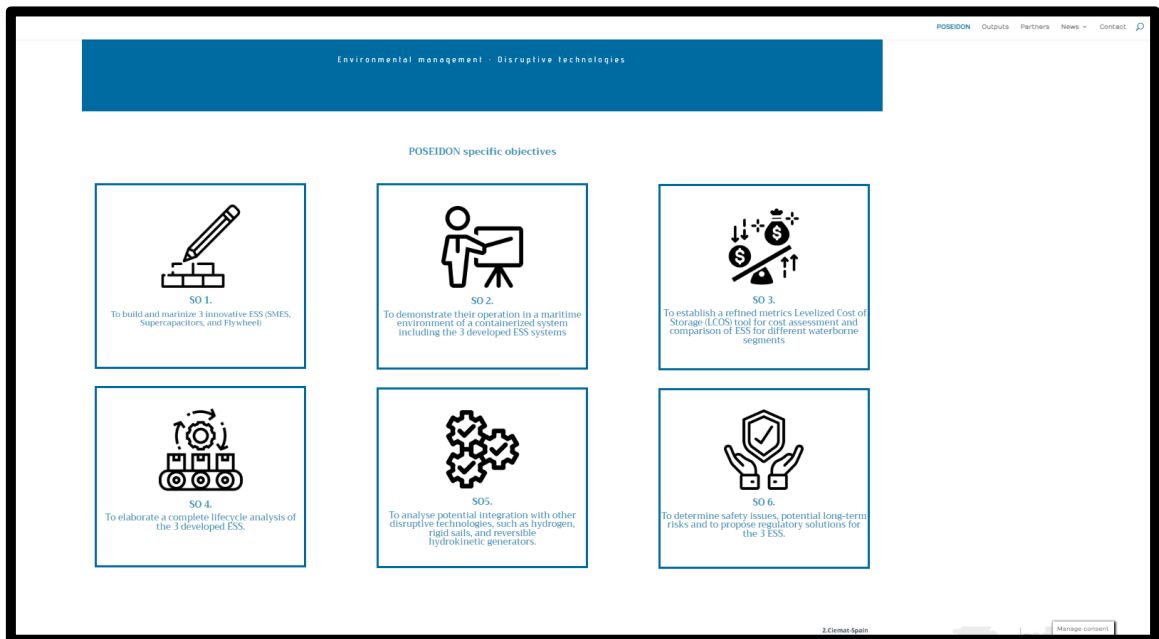

Figure 2 - POSEIDON Website – Objectives page

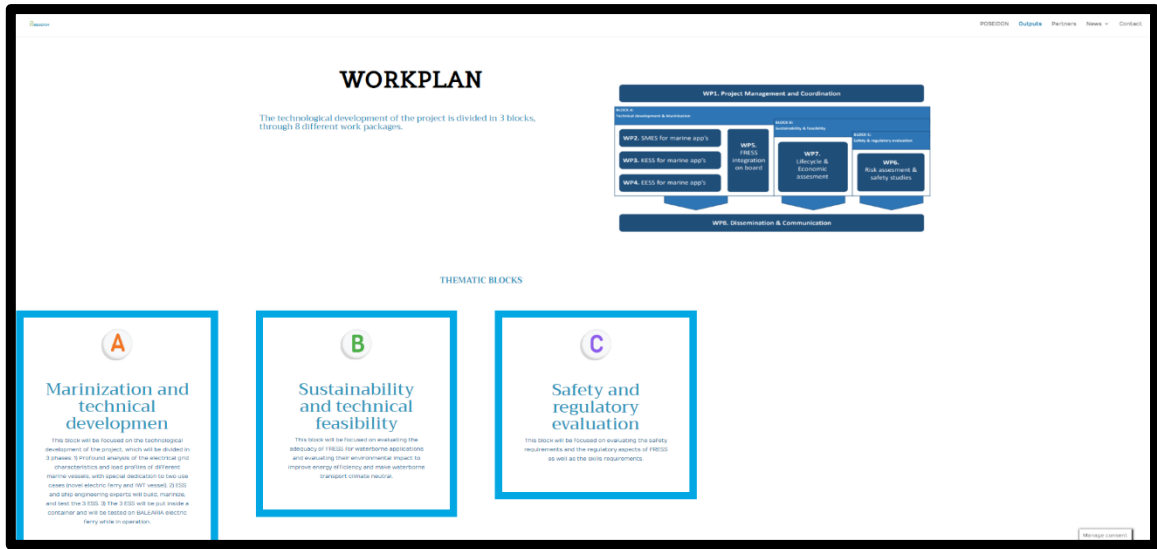

Figure 3 - POSEIDON Website – Workplan page

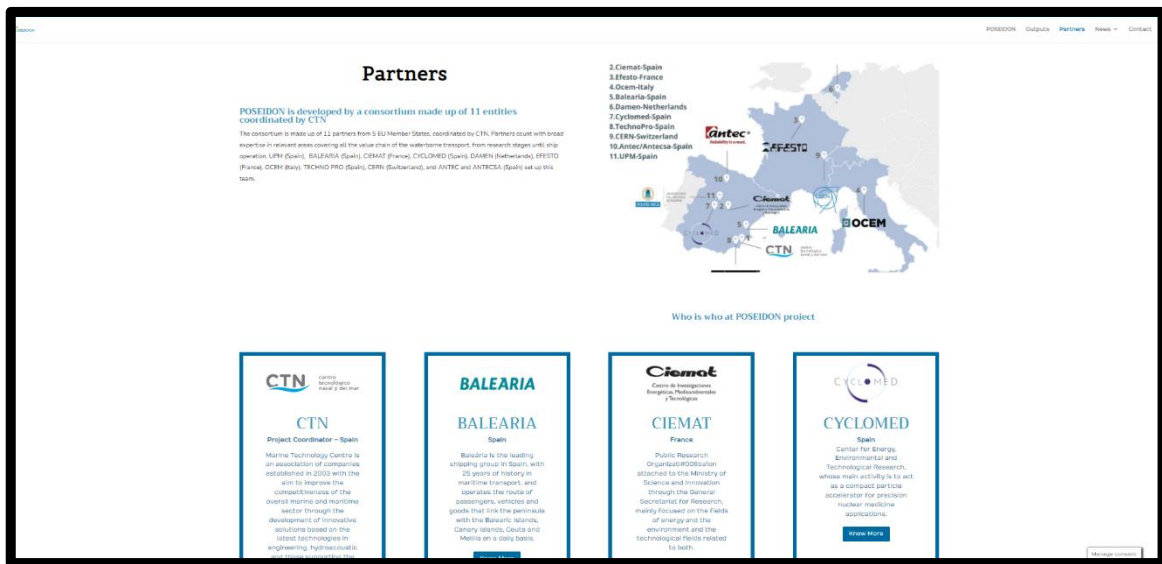

Figure 4 - POSEIDON Website – Partners page

These are some of the main sections of the website that are currently being modified.

### 3. NEW WEBSITE

The POSEIDON Project website is accessible online at [POSEIDON \(poseidon-europeanproject.eu\)](https://poseidon-europeanproject.eu).

In order to monitor the website's performance, we have implemented the **Google Site Kit plugin**. This tool will allow us to assess the site's health and make any necessary changes or improvements.

The website will regularly be updated with project-related activities and announcements.

## 4. CONCLUSIONS

The deliverable of Task 8.2 (Creation of a Website) was delivered on time, but due to a change of focus on our part, we decided to optimise its look and feel.

This optimisation is being carried out intensively and we hope to be able to release the new website as soon as possible.
